Sales Policy

Order the easy way at: larsondoors.com/dealer.

For fast, convenient ordering, use the Larson® Easy Ordering system. Enter orders on your own time with immediate confirmation of costs, freight information and ship dates. To get started, visit larsondoors.com/dealer and provide an email address along with business name, address and contact information. Or, email your account information to: webdealers@larsondoors.com.

EMAIL & TELEPHONE ORDERS

1. Orders will be processed as given. Larson Manufacturing Company, LLC will not be held responsible for errors on email or phone orders.
2. An email confirmation of the order will be sent within a few hours. Please verify the information and call with any changes.
3. Review the order carefully. Orders for custom products may not be modified or canceled once they have been placed. Other orders may be canceled within the first 24 hours.

Note: Prices shown in this catalog are Larson List Prices.

SHIPPING & HANDLING

Ground Delivery:

Shipping and handling charges may apply. All products included.

RETURNS

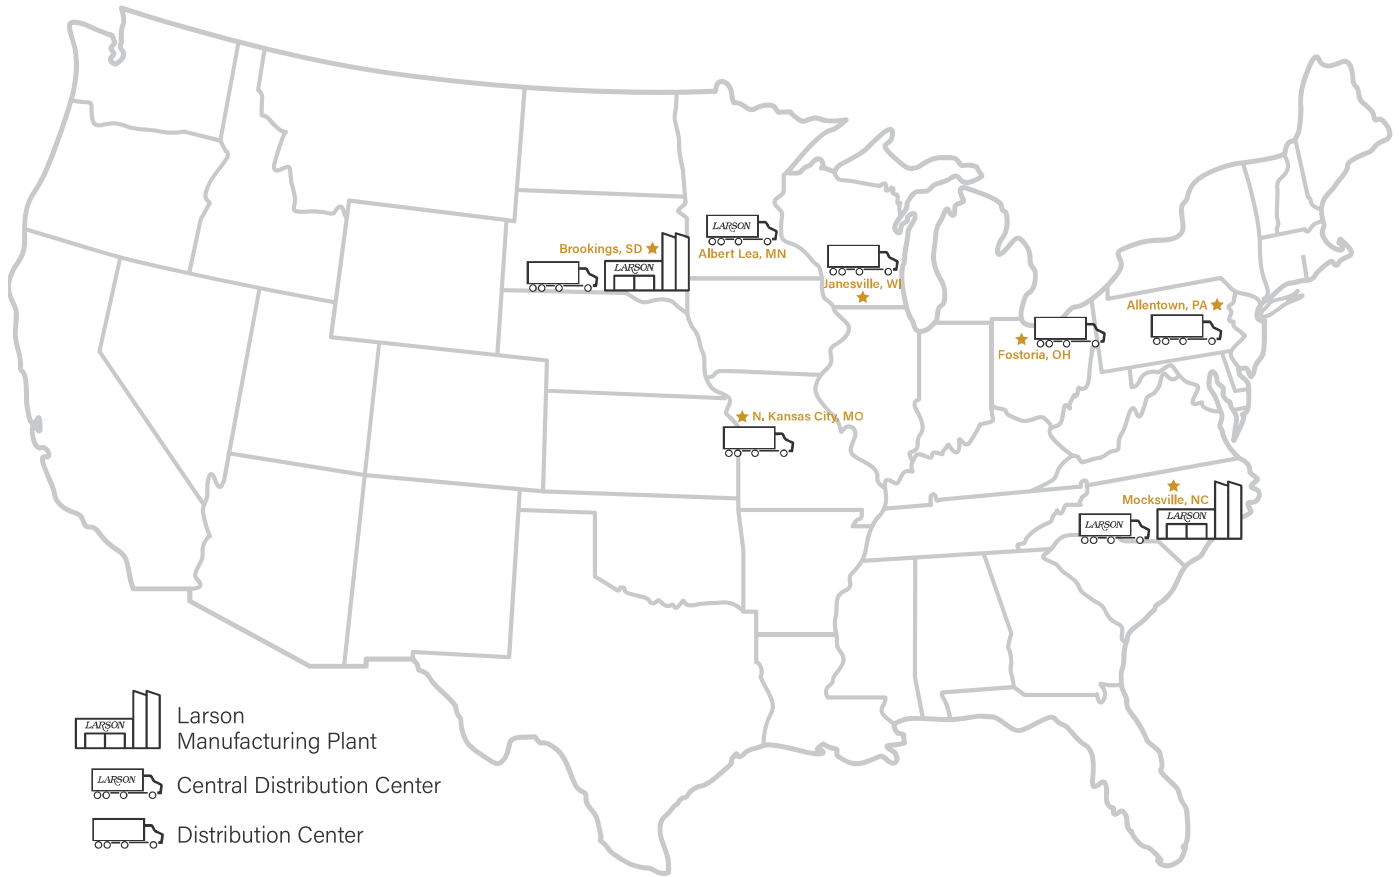

For material shortages, errors, or damaged or defective product, please notify our office immediately.

Pre-authorization of returns for credit is required for all standard size doors and subject to a 15% restocking charge. If product is returned on a carrier, a freight charge may also be assessed. Do not deduct any credits on returned merchandise from the invoice when remitting. Credit memos will be issued from our corporate office.

Note: Once placed, custom door orders cannot be canceled. For warranty questions please visit larsondoors.com/warranty.

Measuring Guide:

PLATINUM STORM & SECURITY DOORS

The Platinum Collection features our easiest storm door installation system.

Use the diagram below to record your measurements as shown. If the width measurements vary, record the smallest measurement.

RECORD MEASUREMENTS

A	Width
B	Width
C	Width
D	Height

SURFACE MOUNT

The rails mount directly to the face of the exterior door trim and require 3/4" of clearance on each side and up to 1" of clearance above the opening.

Construction styles may vary.

PRE-HINGED FOR EFFORTLESS INSTALLATION

Select **L** (left-hinge) or **R** (right-hinge) as viewed from outside.

SPECIFY WHEN ORDERING:

- A.** Model Number
- B.** Color
- C.** Required Opening Size (Width x Height)
- D.** Platinum Hinge Side (LH or RH)

DOOR OPENING	MIN. WIDTH	MAX. WIDTH	MIN. HEIGHT	MAX. HEIGHT
32" x 81"	31-7/8"	32-3/8"	80"	81"
36" x 81"	35-7/8"	36-3/8"		

Note: Standard size availability varies by model. Custom size doors are made to fit opening size ordered. Custom doors have extended, variable lead times. Once placed, custom orders cannot be canceled. Shims may be required in certain installation applications.

Storm Doors

Create the entry that matches your lifestyle from our wide selection of storm doors. Whether you want extra protection for your home, more fresh air and natural light, or freedom for your pet, we have the right door for you.

FULL GLASS & SCREEN

Pages 22–27

Maximum air and light. Most models feature interchangeable glass and screens for seasonal ventilation.

RETRACTABLE SCREENS

Pages 28–33

Screen disappears above the window for a clear view.

PET-FRIENDLY

Pages 34–37

Invite your pet to enjoy the ease of entering and exiting the home with a pre-installed PetSafe® pet flap.

VENTING

Pages 38–43

Built-in screens provide convenient ventilation without any need for seasonal storage.

Model Shown: 370-84 Lifestyle 2.0 Screen Away
Brown Frame

Model Shown: 149FVE | 149FV
Fullview with Low-E/Clear

149 Elegant Selection™

TOP BENEFITS

- **Enduring protection.** Constructed with heavy-duty, low-maintenance 1-5/8" thick extruded aluminum and surrounded by a dual weatherstrip for exceptional weather resistance.
- **Seasonal ventilation, maximum light.** The interchangeable fullview glass and screen open the home to the best of each season, including fresh air in the summer and natural light in the winter.
- **Steady convenience.** The two-closer system provides extra stability and features a hold-open button to keep the door open with the tap of a toe.

ADDITIONAL FEATURES

- An overlapping edge helps seal out the elements and delivers a streamlined look that conceals hinges and gaps.
- **149PV*** - Built-in 8" x 12" pet door fits pets up to 40 lbs. and includes a slide-in panel cover.
- Designer screw covers conceal exterior mounting screws.
- Includes self-drilling installation screws.
- The bottom expander helps seal the opening, even in entries with uneven sills.

WearTuff Screen

360-48 WearTuff® Full Screen

TOP BENEFITS

- **Fresh air without compromise.** The kid- and pet-friendly WearTuff® screen is reinforced in frame for durable ventilation. Screen upgrade options are available.
- **Low-maintenance durability.** Constructed with 1-1/4" thick extruded aluminum and surrounded by a heavy-duty weatherstrip.

ADDITIONAL FEATURES

- A weatherstrip on the mounting rail provides extra defense against airborne pests.
- Adjustable-speed closer is color-matched to the door.
- Includes color-matched lever handleset with an inside lock.
- The bottom expander helps seal the opening, even in entries with uneven sills.

Model Shown: 146FVE | 146FV
Fullview with Low-E/Clear

146 Easy Vent® Selection

TOP BENEFITS

- **Enduring protection.** Constructed with heavy-duty, low-maintenance 1-7/8" thick extruded aluminum and surrounded by a dual weatherstrip for exceptional weather resistance.
- **Instant airflow with a view.** Screen Away® retractable screen disappears above the window for a clear view.
- **Steady convenience.** The two-closer system provides extra stability and features a hold-open button to keep the door open with the tap of a toe.

ADDITIONAL FEATURES

- An overlapping edge helps seal out the elements and delivers a streamlined look that conceals hinges and gaps.
- Balanced window system easily opens with one hand.
- **146PV** – Built-in 8" x 12" pet door fits pets up to 40 lbs. and includes a slide-in panel cover.
- Designer screw covers conceal exterior mounting screws.
- Includes self-drilling installation screws.
- The bottom expander seals the opening, even in entries with uneven sills.

Measuring Guide:

EXISTING FRENCH DOOR OPENING

1. Measure full width of opening from jamb exterior trim where storm doors will attach to the trim.
2. Measure full height of opening from head exterior trim to threshold where storm doors will attach.
3. Compare your dimensions with the standard French storm door opening size guide. If your opening does not match a standard, you need custom French doors.

Note: Continuous wood shims up to 1/4" thick can be installed behind both hinge mounting rails, allowing a given width of standard doors to fit an opening 1/2" wider. Extra long screws will be needed to secure.

1 Front View

With a French door installation, you will have one left-hinge door and one right-hinge door. The astragal included in your French door kit replaces the latch side mounting rail included with each door. The full width drip cap included in the French door kit replaces the top drip caps included with the doors.

See pages 46–48 for size range per series.

ORDERING FRENCH DOOR UNITS

Standard Sizes: Order two standard size doors and a standard size French door kit.

Custom Sizes: Measure the true opening size of the entry and order the doors as **one** custom French door configuration with that measurement in inches. (For example, 73" x 84") Use the same measurement to order a French door kit separately.

TYPICAL LARSON® STORM DOOR FRENCH DOOR INSTALLATION

Kit parts, instructions and astragal vary by model.

2 Top Down View

FRENCH DOOR KIT

With our French door conversion kits, Larson storm doors are easily adapted for double door entry applications. Each kit includes detailed installation instructions, all necessary hardware, astragal and special drip cap. Refer to French door size guide for proper selection of French door conversion kits. **Inactive handleset available on select models (sold separately).**
